Michael welcomed those present to the fourth NoMc, this year in Deutschlandsberg near Graz.

Mike Roberts listed the apologies and briefly read the minutes of the 1998 meeting in Lucerne.

Michael went through the programme for Saturday and Sunday.

John Reincric and Cees Verweij gave a highly technical presentation for Maastricht in September 2000. This took the form of a computer display of the NoMc web site: www.cdz.nl/nome2000.

Ariel Eldor reminded us that Nome 2001 would take place in Israel.

Mike Roberts reminded everyone that the convenor must be paid as soon as possible or requested after arrival at the meeting. There was a discussion about cost and quality with no firm decision taken. Organisers needed to be aware of this area.

Mike would try to do a mailing within a month (sorry)!

Werner would continue in his role as Godfather to keep an eye on the meeting convenor and the secretary!
