## 2. Invitation and communication

The meeting expressed strong feelings that the number of people present at the NoMes depend on the quantity and the quality of communication to all persons interested. Ideally a short information with the date of the following years NoMe should be sent right after the event, possibly attaching the minutes of the meeting and advising of the address details of the future organizers. Approximately spring time a reminder would be quite helpful and finally a few weeks prior to the meeting a detailed program with cost would be best.

Obviously the more interesting those communications are presented, the more interested people feel inclined to take part in those meetings.

### **3. Officials of NoMe**

Paul Aaldering, Brink 18, NL-7841-Ce Sleen, Tel. Mobile: +31-653 408 531, has been elected as incoming secretary. The past presidency is held by two persons, Cees Verweij and John Reinerie. Jan Leisdal, Vimmerbygatan 11, 25251 Helsingborg, Sweden, Tel. +46-42-131 022, e-mail: [jan.leisdal@cmbbyggkonsult.se](mailto:jan.leisdal@cmbbyggkonsult.se), newly elected president, will be next year's organizer and Ariko Gulbis, elected vice president, will be organizer in two years. Remaining as usual is Werner Blessing as godfather.

### **4. Dates**

The next year's meeting is going to be held in Helsingborg, organized by our president Jan Leisdal on the weekend of 27-29 June 2003. Ariko Gulbis will be organizing the meeting thereafter, 17 -20 June 2004, a weekend with a bank holiday and probably a golf day on Friday.

### **5. Cost**

It was suggested to hold the cost of the future meetings as much as possible on a moderate level.

### **6. Addresses**

All address modifications or eventually existing address lists should be forwarded to Paul Aaldering, who hopefully will provide us with an electronically updated complete list.

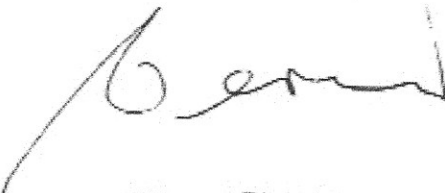

### **7. Diverse**

Thanks to Mike Roberts for organizing the wonderful meeting in Jersey Island in the year 2002. The program included visiting the island's castle, with the Dutch

delegation getting involved in formal military drills topped with cannon shooting. A visit of the Jersey theatre informed us of the former UK (double)spies. The specific military position of Jersey during the Second World War was highlighted through the visit of the German underground hospital. The meeting was crowned by a wonderful gala dinner.

Mike managed to organize wonderful weather for this meeting; however he made us leave under extremely stormy weather conditions, resulting in disturbed flight schedules on Sunday.
